

Categorising needs and wants

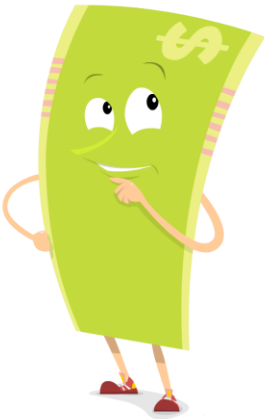

1. Identify three items that you need.

My needs

2. Identify three items that you want.

My wants

3. Explain the difference between needs and wants.

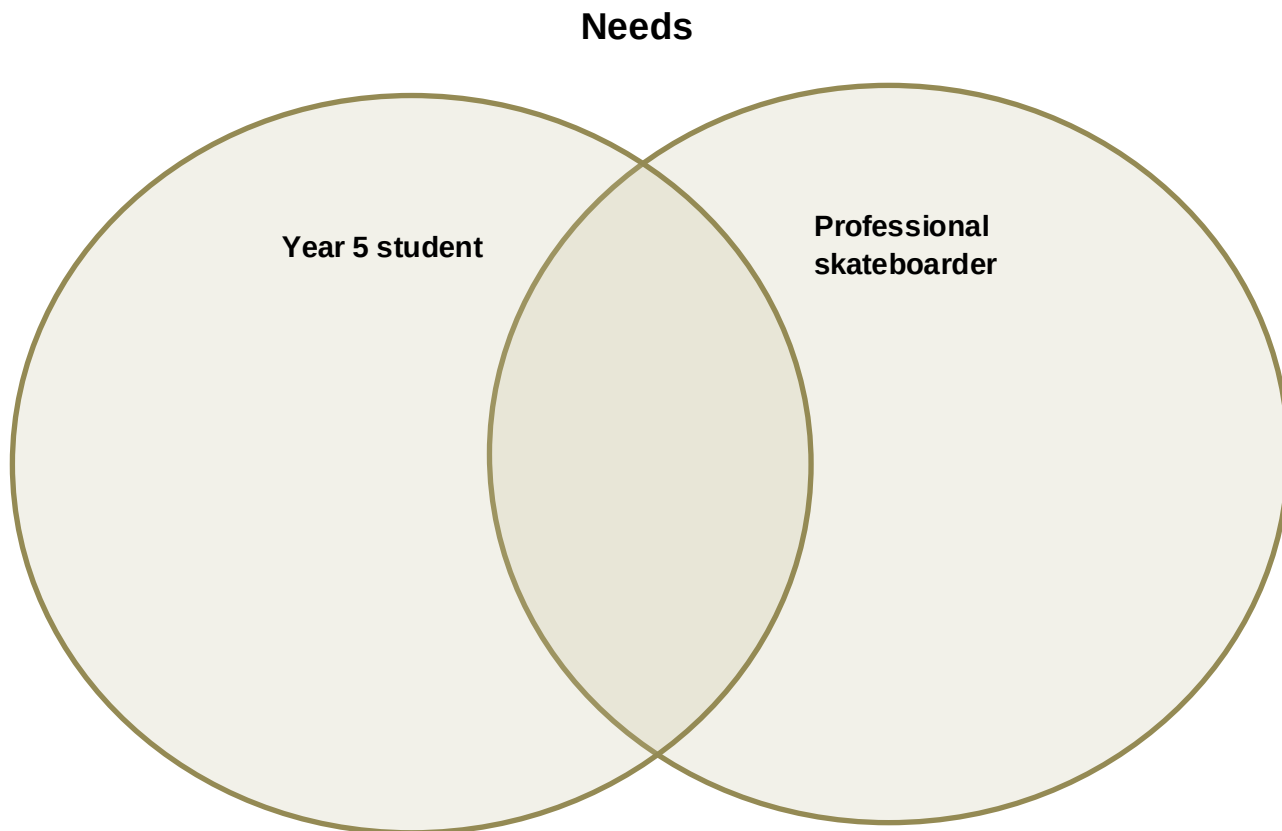

4. Categorise each of the items represented above as needs or wants for a **year 5 student**.

Needs for a Year 5 student	Wants of a Year 5 student

5. Categorise the same items represented above as needs or wants for a **professional skateboarder**.

Needs for a professional skateboarder	Wants of a professional skateboarder

6. Construct a Venn diagram to show the difference between the needs of a Year 5 student and a professional skateboarder.
- List all the similarities in needs for a Year 5 student and a professional skateboarder in the section where the circles overlap.
 - List all the differences in needs for a Year 5 student and a professional skateboarder in the sections of the circles that do not overlap.

7. Describe how the needs of a Year 5 student and a professional skateboarder are similar.

8. Explain why needs are different for different groups.
