- ---

2. Read the online reviews about the three different MP3 player options.

Gyro50  	Skip88  	Rave8i  
Pros: Lightweight and compact Cons: 2GB storage Review: The Gyro50 is priced at \$40 which makes it an affordable option for music lovers. It doesn't have a huge storage capacity and has no format for photo display. It comes with good quality headphones but it is only available in black.	Pros: great storage capacity and heaps of colours Cons: heavier than competing models at 70g Review: The Skip88 retails for \$90 making it mid-range model, but it is packed with great features including: 8GB storage, photos in JPEG format, radio, and video recording function.	Pros: 12GB storage capacity, 30 different colours, deluxe headphones, huge colour LCD screen Cons: more expensive than comparable models Review: The Rave8i is available for \$200. It has amazing features, including huge storage, GIF photo formatting, video recording and voice recognition software.

3. Gather data and information about the price and features of the three different MP3 player options from the online reviews.

Criteria	Gyro50 	Skip88 	Rave8i 
Price (under \$100)			
Storage capacity (2GB)			
Photo format (JPEG)			

4. Consider the advantages and disadvantages of each MP3 player according to Cate's needs. Use the symbols below to compare different options according to the criteria in the table.

 best option	 next best option	 does not meet needs
--	---	--

5. Make a decision about the best product option. Circle the best option in the table.

6. Recommend a purchase decision. Use the framework below to help you develop your response in paragraphs.

Hints	Recommendation
What product is the best option?	
What strategies did you use to make the decision?	
What factors informed your decision?	
What alternatives were not selected? Why?	
Link back to the topic of the text. Restate what product should be bought.	

7. Edit your recommendation using a checklist to improve your use of text structures and language features.
